

## OUR STORY

Curt's Café was designed to help support at-risk young adults as they train and advance in workforce development, take their next steps toward education and learn the life skills necessary to be successful.

The training and support has enabled both our past and present students to advance in their fields and become contributing members of our community.

By placing your catering order with us, you will help support these program and enable us to continue to provide the resources we need so future students will be afforded these opportunities.

Curt's promotes education, respect, ambition, compassion and integrity, and embraces the philosophy of restorative justice in every aspect of our work. Curt's is a 501c3 non-profit organization that is supported through café sales, generous friends and family, and kindhearted foundations.

Please see our website or talk to our staff or students to hear more about what we do. To thrive we seek support from folks such as yourself. We are grateful for your help.

**Thank you for "dining with purpose"  
at Curt's Café.**
