

Who are we?

Curt's Cafe's are regular cafes (serving breakfast, lunch, all the coffee drinks you can think of and catering) whose mission is to improve outcomes for young men and women living in at-risk situations through workforce and life skills training.

How do we do that?

First, we have managers to run the cafes and train our participants and Social Service Providers to work with our participants to ensure they receive the resources they need while in the program and teach them valuable Life Skills.

Second, because we meet our participants where they are, the experience level of our participants vary so we always have qualified people to help run the cafes!

Are you a good fit for our Program?

So, are you trying to decide if this would be a good place for you for the next 12 weeks or so? Let's see how you answer these questions which should help you decide:

1. Are you between 15-24 years old?
2. Have you had some challenges at home, at school or with the law where you might need some help navigating it all and would like that to happen in a workforce environment?
3. Are you having a tough time figuring out what's next for you in life and how to get there?
4. Ok, want to hear more? Please read on...

Please don't hesitate to reach out! We think we can help you figure out if this might be a good fit. Plus, we'll buy you lunch if you just want to come check us out and feel the vibe in the cafe!
